YOUNGSTERS PROVE SKILLED SPENDERS

Make Rapid Disposal of Eighteen Dollars—Claim They Found It.

That man and his money are soon separated is true not only of the older portion of the sex but of the youngsters as well, according to proof of the axiom furnished Sunday by John Fuzzy, 14, of Mishawaka, and even at such a tender age, a police character, and out on probation.

Fuzzy was assisted in the task of ridding himself of the greater part of \$20 by Mike Laffy and Harold Dunham, both ranging around and about fifteen and sixteen years of age. Between 9 o'clock Sunday morning and 8 o'clock Sunday night \$18 had passed through the hands of the three youths, or through Fuzzy's hands for the entertainment of his pals and several female acquaintances.

When arraigned before City Judge R. S. Feig Monday morning, the Fuzzy youth reiterated his statements of the night before, following which Chief Krieter explained the owner of the bill had been located.

Ralph McDaniel reported the loss of a \$20 silver certificate from a South Bend bank, and the local police traced the bill and found it to be the one McDaniel lost.

Following a stiff lecture from Judge Feig, the two boys were dismissed with instructions to report anything they found hereafter to the police.

Follow with pick up at park.

Picked up at Park. The park officer, the boys said they were from Mishawaka, and were taken over by the police of this city. The park officer's attention was called to the young spenders following their purchases of many novelties, rides, refreshments and wheel chances. They had been tendering bills of too large a denomination for youngsters of their apparent means. "I found it," declared Fuzzy, stoutly, to Chief of Police Thomas Krieter, during a rigid examination. He claimed the bill, a twenty dollar affair, had been picked up in the rear of the George Buck saloon. Fuzzy told of taking young Laffy with him on the morning jaunt to South Bend, and that upon his first pal's return to his home, he had volunteered to show the town and its pleasures to Dunham.

Snatched Ladies' Purse. Fuzzy was taken a year ago when he snatched a purse belonging to Mrs. Henry Kimball from a counter while she was making purchases. He took some change from the bag but overlooked a small pocketbook and threw the evidence in the river. He is employed as delivery boy for a Mishawaka grocery.

The boys had a box of cigars, several cheap watch chains they had no doubt won on the paddle wheels at Springbrook and the satisfaction of cutting much refreshment and seeing the show at the Orpheum in South Bend.

BOWLING SEASON TO OPEN TUESDAY NIGHT

First Schedules Expected to Start Labor Day—All Leagues Set and Ready.

Tuesday night, if all expectations work out as planned, Mishawaka will have its first opportunity in the bowling game for the fall of 1915, as according to E. C. Ellasser, proprietor of the Ellasser bowling hall, the down stairs alleys at the institution will be thrown open. It is expected that the upper floor alleys will be ready for use about Thursday or the end of the week. All day Monday will be spent by experts in putting in the finishing touches to the lower floor alleys, and hopes are entertained that the alleys may be ready for use by Monday night, but no promises were made to this effect.

Following this year seems to have enraptured everybody and league after league has organized and are ready for the opening of the fall schedules. In other years, organizing was slow and at various times the season was opened before they were completely ready for the start. Mr. Ellasser in speaking of the leagues, stated Sunday afternoon that he was greatly surprised with the interest shown in the game and stated that some of the leagues had made applications for dates as early as July.

Practically Same League.

The leagues to howl this year are practically the same as the seasons of '14 and '15, with the exception of the South Bend Oliver league which has added six new teams, making a total of 12 teams in this league. This is the largest organized bowling league in northern Indiana. This league will have use of the entire institution on their bowling night, six of the teams taking the upper floor alleys and six taking the lower floor drives.

The other leagues all set for the opening of the schedules are the Mishawaka City, Ball Band, South Bend Scotch factory, Oliver, South Bend and Mishawaka Manufacturers' and the Northern Indiana Gas and Electric Co. league. The leagues all bowled during the past year.

The Mishawaka and City leagues, comprised entirely of Mishawaka bowlers, will have eight teams each, making a total of 16 teams. The remaining leagues, with the exception of the Oliver league, will be comprised of six teams each. The arrangement of the Mishawaka and City leagues this year will be the same as in previous seasons, two teams of each league bowling each night and extending the schedules over a period of four days each week. The other leagues will roll off schedules on one night of the week.

Re-Organize Commercial League.

Plans are now under way by the captains of the teams of the Commercial league of last year to re-organize and bowl again this season. It is expected a meeting of the captains and team members will be had sometime this week and get together.
